## The FARMER Record Speaks Volumes

**FARMER** has supported members of the Pennsylvania General Assembly for more than 35 years. We have an excellent track record of backing candidates who have earned the support of farm families.

Almost 98 percent of the candidates we endorsed have won their election contests since **FARMER** was created. We endorse the candidates who have stood up for farm families throughout their legislative career and are invested in the future of Pennsylvania agriculture. Your donation makes a difference!

## What is FARMER?

FARMER is the political action committee of Pennsylvania Farm Bureau. Since its creation in 1981, FARMER has grown into a leading agriculture PAC in Pennsylvania, supporting a diverse range of candidates who fight for farm families.

## Why is FARMER Unique?

Pennsylvania has hundreds of political action committees. There are a handful that are bipartisan and even fewer that focus on agriculture. FARMER is the only bipartisan PAC that is run by farmers.

## Who Decides on Endorsements?

FARMER is run by a bipartisan board of directors comprised of working farmers from across the state. Candidates are judged on a host of criteria, including their voting record and input from county Farm Bureaus and FARMER contributors.

## How Are My Donations Used?

During every two-year election cycle, FARMER uses established criteria to decide on endorsements. Donations received are then given to candidates running for the House and Senate, often to those seeking reelection. While giving to individual candidates is effective, your donation to FARMER will allow your resources to be used by a full slate of candidates who are supportive of agriculture.

## Elect Candidates Who Will Fight for Agriculture in Harrisburg

There are few members of the Pennsylvania General Assembly who have farm backgrounds. But that doesn't mean we lack advocates and supporters in Harrisburg. Farm Bureau members have built relationships with elected leaders that has grown into a bipartisan group of lawmakers who champion agriculture issues. FARMER is one way that we can thank those that fight for us.

## Our Support is Broad

The Pennsylvania General Assembly has 253 members. We can count on a number of those individuals as Friends of FARMER. Our broad support includes Republicans and Democrats alike. In an era of stark partisanship, agriculture remains an issue that unites Pennsylvanians.

## Friends of FARMER Need Support

An endorsement from FARMER is meaningful to our friends in Harrisburg. Lawmakers who earn our endorsement can say they have the backing of agriculture in their campaigns. The name recognition, and modest contributions we provide, help our friends with the very real needs of running and funding a campaign.

## Endorsements Are Earned

Friends of FARMER must earn their endorsement. Candidates are judged on their voting records, the relationships they have built with farmers, and their response to a survey.
